mustard and blue cheese

What is the story behind the Broaster Chicken?

Grady's Public House is now the only approved operator to serve the original genuine Broaster fried chicken in the greater Vancouver/Portland area. In 1954 in Beloit, Wisconsin, George Phelan invented and patented the first commercial pressure fryer. In an effort to shorten fried chicken cooking times, Mr. Phelan then created marinades and breadings, and he trademarked the name "Broaster."

FUN FACTS:

½ the calories of KFC

8 pc bone-in cooks in under 15 minutes
